Message from Chair, Joanne Williams

I was delighted to accept the role of Chair of Shine and look forward to working alongside my fellow trustees and Shine's staff and volunteers in the delivery of our Corporate Plan.

The 7 strategic goals, set out in the plan, are hugely ambitious.

From experience, we know they will not be delivered overnight.

The activities and projects have been mapped out in annual work plans, with milestones for delivery and review at key points throughout each year, and the lifetime of the Plan. We are fortunate to have such a dedicated team of staff at Shine, who are committed to making a difference and will do so with empathy, compassion and hard work.

Over the past 12 months, Shine, like so many other charities, has faced a considerable number of challenges such as the aftereffects of the pandemic, the cost-of-living crisis, the war in Ukraine, a buoyant job seekers market, less access to funds and increased competition from other charities vying for the same pot of money. But despite these many obstacles, the charity has successfully ridden the storm and proven resilient. My heartfelt appreciation goes to the staff for their fortitude and diligence in planning and delivering on our objectives and managing the budget so successfully.

We have experienced ever-increasing demand for our services, with our membership growing by 6% since April 2023.

In 2022/23, as well as all the service and support we provided to our members, their families, friends and professionals across England, Wales and Northern Ireland, Shine

- completed the sale of our head office in Peterborough, and re-located to a smaller, rented office on the outskirts of the city, reducing overheads and annual costs of running the charity
- reviewed and increased our levels of reserves to ensure Shine remains a going concern
- designated funds to strengthen and grow our services
- increased staff levels in our Services and Health teams to meet increasing needs, and future-proof our longterm sustainability
- maintained our focus on staff well-being and created opportunities for progress and personal development
- introduced a triage system and new member database to better serve our members

This bodes well for 2023/24. We have an exciting year ahead!

With my best wishes

Joanne Williams

Joanne Williams, Chair

'Engage, Enable and
Empower ... The Next
Steps' is informed by
over 55 years of experience
and expertise and builds
on the successes and lessons

learnt from our most recent five-year plan. Reflecting our members' feedback and ideas on the services, activities and campaigns they want Shine to deliver, the outcomes should see an ever stronger and growing community of engaged, enabled and empowered people, whose lives have been affected by spina bifida and/or hydrocephalus, and associated conditions.

It is 14 years in September since I started my first role with Shine, and 8 years since I took on the role of CEO for this wonderful charity.

Never a day goes by when I don't sit and reflect on the enormous challenges that some of our members of all ages face. Equally, there is rarely a day when I don't marvel at the inspirational stories Shine members are so willing to share, to encourage and inform others in similar situations as it is this shared experience, as well as Shine's many years of insight and experience, that makes us so unique.

Over the past 12 months, we have, once again, provided information, support, advice and networking opportunities to thousands of people across England, Wales and Northern Ireland, and have collaborated with others nationally and internationally to reach many more.

Our Corporate Plan 2022 – 2027 sets out our ambitions to see further change in the coming years, and focuses on 7 strategic goals:

Goals 1 – 4 set out our ambitions to improve and widen our services to work closely with our members of all ages, tailoring our services to meet the individual and collective needs of our Shine community.

Goal 5 details the work we are doing to reduce

the chances of pregnancies being affected by neural tube defects. Whilst this work may seem contradictory to the work we do to support, advise and guide our members who have spina bifida and/ or hydrocephalus, we also need to raise awareness of the role of folic acid and B12 in preventing neural tube defects (NTDs), such as spina bifida. This enables choice – individuals and families are better equipped to make informed decisions, according to their values and beliefs.

Goal 6 outlines Shine's pregnancy advice service for our members who wish to explore possibilities and plan for children. It is also for those who may have had a previous pregnancy affected by an NTD (Neural Tube Defect) and for parents-to-be whose baby has been diagnosed with spina bifida, hydrocephalus or anencephaly.

Goal 7 highlights Shine's ambitions for campaigning and influencing on the national and international stages – to champion lasting improvements in statutory services so that everyone whose lives are affected by spina bifida and hydrocephalus, or associated conditions, can have access to the right services and support when they need them.

Shine has existed for 57 years. Over this time, we have seen enormous changes to health and care, societal attitudes and increased opportunities for our members to live the lives they want to. Yet, Shine's journey is far from over. There is still much to do, but I sincerely believe that, as a collective community, we will continue to make a vital difference to so many. This annual report shares some of the ways in which we have been able to do this in 2022/23.

A huge thank you to everyone across our community, for your on-going faith, trust and support for Shine.

Our community

Enabling babies and children with spina bifida and/or hydrocephalus to achieve their potential (0 to 12 years old).

Early intervention and preventative approaches to improving health and well-being "can help children and young people to develop the skills they need to live happy, healthy and successful lives. It can improve the quality of children's home lives and family relationships, increase educational attainment and support good mental health" (Early Intervention Foundation).

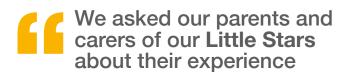

Thanks to funding from the Community Funds in England, Wales and Northern Ireland, other sources of funding and investment from our reserves, Shine's ambitions, to provide these foundations for improved health, equal access to educational opportunities, social and emotional outcomes for Little Stars as they grow and develop and journey through key stages of life, have been brought to life.

This work builds on the past success of our Little Stars programme, which initially focused on

0–10-year-olds, but has been extended to include 11 and 12-year-olds.

Our new youth project also got off the ground, giving focus to our teenage members' needs and wants, and providing a programme for progression from our Little Stars as they 'graduate' to become teenagers.

"What you provide is brilliant for families in this situation"

"If you're having a bad day you can go to Little Stars and get it off your chest"

"Thank you to Little Stars for making us feel a little bit less isolated"

"It's a brilliant force, we are very lucky to have [you] to support our little children"

'I found an hour on video chat with Shine's physio was more useful than a year with our actual physio."

What's **CONTINUED?**

1-2-1 support, advice and guidance

The core of our unique, specialist work has continued to be the offer of 1-2-1 tailored support, advice and guidance on a range of issues relating to spina bifida, hydrocephalus and associated conditions.

Very rarely do our teams know what questions are going to be asked, but whatever they may be, our service staff work diligently to find answers and provide support and solutions, referring to external organisations where more appropriate.

Online events

Since March 2020, we have turned our attention to online information and get-togethers to enable our younger members, and their parents, to keep in touch, talk to others and learn. Proven to be both a cost-effective way of engaging and connecting our community, it has also enabled so many more of our members to get involved, without the need to travel long distances, tackle public transport, or avoid last-minute cancellations due to ill health.

Health Hubs

Due to the funding structure in Wales, we have been offering access to Health Hubs for our Welsh members. Health hubs are face-to-face sessions with Shine's specialist continence nurse and/or physiotherapist, with additional input from one of our Support and Development Workers

Using others' expertise

Shine partnered with experts from other fields, such as the ADHD Foundation and the Pressure Ulcer Prevention and Intervention Service (PUPIS), to deliver online training sessions on specific topics, related to some aspects of spina bifida and / or hydrocephalus and associated conditions.

What's **NEW?**

Touchpoints

Shine's touchpoints programme offers a support call to all parents of 0–2-year-olds in England and Northern Ireland, providing access to our specialist occupational therapist and physiotherapist, facilitating a better understanding of the conditions and how various therapies can make a difference, and preparing parents for meetings with NHS services.

Newsletters

As part of the plans in our previous Corporate Plan 2017 – 2022, our Little Stars team created a series of

age and condition-specific newsletters to aid parents of children with spina bifida and/or hydrocephalus to better understand key milestones in their child's first ten years of life, providing information, guidance and prompts for planning next steps.

Newsletters have now been created to address the questions and needs of our 11- and 12-year-old members and will launch in 2023/24.

Clinic attendance

Contact with 6 more to establish referral pathways and opportunities for attendance

NHS clinics have slowly, but surely, resumed over the past 12 months. Shine's presence at these clinics has offered additional support to the NHS staff organising and running the clinics but, more importantly, ensured that our teams are on hand to listen, answer questions and put medical jargon into plain language as well as offering support for other things such as benefits, education, housing and socialisation.

Shall 'wee' talk?

A fun play on words for a serious issue that affects so many lives, "Shall 'wee' talk" brings together groups of children online to talk about continence in a safe and trusted environment, sharing their stories, talking about their challenges and, ultimately, realising that they are not alone.

Educational support

Demand for advice and guidance on education and transition has been as great as ever.

Shine's Trustees, therefore, agreed to invest in a parttime Education Officer to lead on the development and delivery of Shine's education service for spina bifida and hydrocephalus, and be a central point of contact for other Shine staff for complex education referrals, as well as continuing the existing education offer of presentations and awareness raising to support schools in tailoring approaches to teaching and extra-curricular activities to meet the needs, and improve outcomes, for individual children and their families.

What's **NEXT?**

- Widening the reach and sustainability of our "Shall 'wee' Talk" continence support programme
- A sibling support programme
- Greater engagement with NHS clinics
- A review of our education programme and resources, including 'education touchpoints'
- A review of our benefits service
- Upskilling parent/carers in understanding and managing behaviour and executive function in children with hydrocephalus and spina bifida

Empowering young people with spina bifida and/or hydrocephalus through knowledge, confidence and skills to manage their conditions and thrive.

A programme that focuses on our teenage members has been long overdue, especially as we know that our teenage members are one of the hardest to reach groups, and difficult to keep engaged as there are so many other things happening in their lives – transition from and to school; transition from child to adult services; transition from education to employment or other activities; changes in health and well-being; greater independence; friendships.

All of these can also create challenges, and it is important to know that Shine is here to help.

Teen session really good – great to have an outside speaker to offer something different."

What's NEW?

As a start to this work, in the past 12 months, the Shine teams have provided:

1-2-1 support

254 teens aged 13-17 were supported through 1-2-1 support, with 625 enquiries in total (an average of 2.5 enquiries each).

Tailored to the questions that our teenage members, and parents/carers ask, this service answers a huge variety of questions and provides advice on changes in health, better continence management, building confidence, transitions between schools, and from school to further studies and employment. Our teams have also linked with young people in NHS clinics across the country.

Online teen groups

108 teenagers engaged in 46 online sessions. The teams across England, Wales and Northern Ireland had a fantastic response to our shout out for our teenagers to join our closed zoom sessions, which are now running regularly.

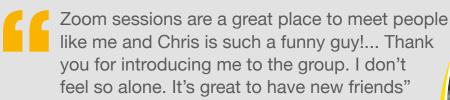

WhatsApp groups and online zooms for parent/carers

Parents/carers need support too. The teams introduced two new ways of providing this, through a series of WhatsApp groups and online sessions. Proven to be very popular, parents and carers have had access to a network of expert staff and peer support to aid in their day-to-day lives, to address the challenges and frustrations, but also to share successes and good news.

Shine reached out to us and it was like a weight lifted from my shoulders!

My daughter had never met anyone like her before and since being introduced to a social group on zoom she doesn't feel so alone!! She looks forward to her meetings and has lots of fun with teenagers just like her"

Thanks to funding from the Community Fund England, and additional investment approved by our Trustees, Shine has employed a **Youth Voice** and Engagement Officer to champion this work, engaging the young people in shaping and directing the services Shine offers, with the content and delivery methods to meet their needs.

What's **NEXT?**

With involvement, advice and guidance from our teen members, we will:

- Develop the teen programme and activities
- Produce teen-appropriate information, resources and webpages
- Develop content for the 13 18-year-old newsletters
- Introduce a focus on transition from child to adult services
- Establish a peer-to-peer buddy support programme

- Put an annual programme of online and face to face events in place
- Work with external agencies to 'tap into' existing education and career programmes
- Support parents to develop their confidence and knowledge to empower their children through teenage years
- Offer emotional support

Adults of all ages with spina bifida and/or hydrocephalus have the choices and opportunities to live healthy and independent lives

Whilst health, well-being, lifestyle, finances and career support / employment feature as the

top five primary issues that our

adult members are likely to

Some have
extremely
complex
health and care
needs and cannot
live independently.
They require 24-hour
care, which is sometimes

care, but often by their parents who are also their carers. Others live highly successful and very independent lives, are in employment, are in relationships, have families and wide circles of friends, and pursue the interests and activities they wish to.

provided through residential

There are others who live independently but whose choices are limited due to restraints on their health, finances, access to appropriate housing, equipment, and lack of access to appropriate health and other statutory services.

All need access to the right health and care services

at the right time, yet NHS resources are limited and there are very few specialist services for adults living with the conditions.

What's **CONTINUED?**

1-2-1 support

As for our babies, children and young people, our network of Support and Development Workers across England, Wales and Northern Ireland provide tailored support, advice and guidance on a range of issues for our adult members.

Virtual health hubs

There are very few NHS adult clinics across England and Wales. Shine's virtual health hubs offer adult members the opportunity to join members of our health team for a 1-2-1 consultation and advice on health and well-being, either holistically or for a particular concern. Our members are supported to develop action plans to address their health issues and can request a supporting letter for their GP or other health professional to help access the NHS services they need.

Shine40Plus

With an active 660 members on our closed Facebook group, Shine40Plus has continued to offer peer support, opportunities to share stories, ask questions and chat again this year to people living with spina bifida and hydrocephalus from all over England, Wales

The resources you have given me for work, are beyond fantastic! They have been so helpful, and I have an occupational health appointment booked in soon too, which I really really appreciate. Thank you millions, for all your help, I can't explain how much I appreciate it!"

and Northern Ireland. It is moderated by volunteers and is open for business 365 days a year.

Promoting our specialist information and resources

Shine has produced a wealth of information and helpful resources which can be used for planning and prompts to better manage conditions, prepare for appointments or help others, such as employers, understand the best way they can offer support.

These specialist resources sometimes get lost or

forgotten yet continue to serve a useful purpose. Shine used Spina Bifida Awareness Week and Hydrocephalus Awareness Week 2022/23 as an opportunity to remind our members, their families and professionals what we have available and how to access them.

Online clubs

October

2022

9,370

January

2023

9.456

From monthly book clubs to craft sessions for Easter, from coffee and chats to guiz nights, Shine's programme of online clubs has become a regular feature in our over 18s' calendar.

People said...

"I'm really enjoying reading everyone's stories. Thank you all for sharing" "Thanks for a very informative session"

What's **NEW?**

Staying Well - newsletters and online sessions

The cost-of-living crisis has affected people in different ways, creating demand for a variety of information and support to meet individuals' and families' personal situations. In 2022, the Service team developed 'Staying Well' - a programme of regular newsletters, social media posts and associated online sessions to equip our members with tips and ideas for keeping warm, eating well, managing money and physical and mental well-being.

As well as setting up a support group and responding to individual queries, we have forged links with the Association of British Neurologists NPH Special Interest Group.

We also have an on-going presence at Staying Well Newsletters sent the Adult Hydrocephalus Clinic in

Nottingham. Both provide Shine with opportunities to further

> develop our focus on NPH in providing specialist insight to aid people in understanding their diagnosis, treatment, the implications of having hydrocephalus and the care they might need from their support networks.

Managing mental wellbeing and anxiety

Increasingly, our adult members have sought advice on how to keep well, manage their anxiety, come to terms with a diagnosis, manage fatigue or how to ask for help. A series of online sessions have been developed and delivered with talks from external experts (e.g. solicitors' firms; sports development officers; consultants; nurses) and our specialist Health team. Themes and content for each session were driven and shaped by our members.

A focus on Normal Pressure Hydrocephalus (NPH)

Shine has seen an upsurge in requests for information and support for adults with NPH, and their carers.

reminders

Modelled on the success of the series of the Little Stars newsletters, the Health team developed a suite of information sheets for different ages and different stages of life for our adult members.

Filled with useful information and advice on well-being and preventative approaches to staying healthy, these will be launched in 2023/24.

What our members think of us:

- "The knowledge that I can turn to them for advice and support on issues that are important to me"
- ✓ "Very friendly and knowledgeable staff who are always willing to listen and help"
- "Shine 'has given me more confidence and courage to achieve some things I might not have done before"
- "I feel I learn a lot more about my condition on our ZOOM get together and understanding more about others who are dealing with the same condition"
- "I have my area support worker who is available to me if things are getting tough"
- "It's comforting to know there's a charity there, that offers support should I need it"

Without you it would be an even scarier place than it is"

What's **NEXT?**

A continued focus on health and well-being through:

- The publication of Shine's 'Spina Bifida in Adulthood' book
- Collaboration with Chelsea and Westminster clinic to support increased adult clinic provision in England
- Newsletter series

- Increased links to health professionals
- Resources and online support to prepare for medical appointments and hospital admission
- Developing an NPH-specific project
- Setting up a tethered cord support group

Addressing other issues through:

- Support, information and updated resources on preparing for independent living / accessing suitable housing
- Reviewing and strengthening Shine's benefit advisory service through more proactive information and resources
- Developing tools for financial budgeting for members and parent/carers
- Identifying and linking with specialist employment charities for improved access to work opportunities

I have really enjoyed the sessions with cooking and talking to other kids with similar disabilities to me. I've found it helpful to learn more about it, and ways in which other people deal with it and I've definitely found some helpful tips. It's helped me to become more independent, because the other girls have motivated me to do more for myself"

^{&#}x27;Shall WeeTalk' member

A connected community

Shine provides diverse and inclusive opportunities for participation in our member-led approaches to coproducing the very services and solutions that will empower and enable them.

Shine develops accessible, best quality information through our website, literature, and digital communications and promotes peer support networks, online support and social groups and programme of events available to members to help inform and connect with them. Shine promotes volunteering opportunities for Shine's

That feeling of knowing you are not alone is the best thing that Shine have done for me.

Thank you for my Shine family'

All, however, offer experience and insight into ageing, which has aided Shine in further developing our expertise and understanding of the impact of Spina Bifida and/or Hydrocephalus on health, care, lifestyle, employment, friendships, finances and other life opportunities as people get older.

Our adult members have shared this information willingly, knowing others can learn from their experiences. Their stories can inform and influence, as well as providing insight for Shine's research and resources to encourage preventative approaches to health and well-being management.

What's **CONTINUED?**

Awareness weeks

members and supporters

An important part of our plans, Spina Bifida Awareness Week and Hydrocephalus Awareness Week provides us with opportunities to work with our members to raise awareness and share stories and experiences with the wider world – the aim being to educate the general public and professionals about the conditions, and attract new members to Shine for support and advice when they need it.

Digital support

A new way of communicating and linking our members, we have established regional WhatsApp groups for our Little Stars parents/carers, for parent/carers of children and young people, and adult members to connect, ask questions and share information, as well as separate groups for our adult members.

Online events

Shine's ability to reach and engage many more members has opened up with the world of online events. People are more familiar and more comfortable with participating in online information sessions, presentations and coffee and chat groups than ever before. Where possible, we have aided with advice and guidance to get our members 'online'.

Face to face events

The teams have resumed some of the regular face-to-face get-togethers from pre-pandemic days, with our Shine Social London, specifically for our adult members, being one of the most popular. Alongside this, we have attended conferences and provided presentations to raise greater awareness of who Shine is, and what we do.

Volunteering

Our Shine volunteers have remained as committed as always, in a wide variety of roles including administration and research; shop assistants; online Facebook moderators; fundraisers, focus group and event support and Trustees. Shine's lead member of staff for volunteering has provided induction, regular training and supervision to ensure volunteers are gaining skills, experience and enjoyment from the time they are giving us.

What's **NEW?**

New member calls

Built on the legacy of the well-being calls that we introduced during the Covid-19 pandemic, the teams have introduced calls to newly registered parent/carers of our Little Stars and Teenage members, and our adult members, once they have registered. The calls are a quick check-in to say 'hello' and ask whether there are any immediate issues that need addressing. They also act as a reminder that Shine is here, whenever we are needed.

Hydrocephalus survey

In 2022, we surveyed our members with hydrocephalus and those with NPH to gain further insight into their challenges, to help shape our services.

293 individuals responded and highlighted several concerns which Shine addressed through our online support groups, reviewing

and updating our information resources and putting a plan in place to deliver an NPH project for individuals and carers.

Co-production

Shine developed a greater focus on member engagement to shape and inform our services.

Members proactively signed up to online focus groups to contribute to developing resources, identifying themes for online sessions, and producing videos and stories to share their experiences.

Five youth members helped us in recruiting our Youth Voice and Engagement Officer, first taking part in training and development, and then being involved in the interviews to find the right person for the role.

Improved accessibility

Shine invested in two new services to facilitate access to the support and information we provide:

- An accessibility app,
 which provides a range
 of options to read the
 website such as different
 languages and dyslexiafriendly formats has been
 added to our website
- A subscription to Languageline gives access to translation and interpreting services, for speakers whose first language is not English

Northern Ireland's Community Fund project steering group

Aimed at improving engagement, Shine NI set up a steering group to inform the development and delivery of this project, and provide a forum for discussion to ensure the project is reaching all Shine NI members, and meeting their needs through sharing experiences, identifying and promoting good practice and ideas, identifying gaps or challenges in statutory services and support in NI, and helping Shine NI to find solutions and receive first-hand advice from a cross-section of members to ensure that the project is accessible to and suitable for all our members.

What's **NEXT?**

- Review and improve our membership offer
- Scope Shine's services to meet demands of our growing membership base
- A new social media strategy for wider engagement
- Develop a plan to increase our reach across diverse communities
- Make further improvements to our website for enhanced accessibility to information and resources

Preventing Spina Bifida and Anencephaly

Fortification of flour with folic acid.

For over 30 years, Shine has campaigned for mandatory fortification of flour with folic acid as it has been proven to reduce the chances of pregnancies being affected by neural tube defects.

In September 2021, we were delighted when the UK Government announced its intention to introduce folic acid into non-wholemeal flour. However, some two years later, this has yet to come to fruition.

What's **CONTINUED?**

- Responding to Government consultations, including the Bread and Flour Regulations 1998 and the Bread and Flour Regulations (Northern Ireland) 1998, which considered levels of folic acid and timescales for implementation.
- Collaborating with key partners in this campaign (e.g. Royal College of Obstetricians and Gynecologists; British Dietetic Association; Spina Bifida Hydrocephalus Scotland)
- MPs and representatives in the House of Lords, who support fortification, regularly tabled oral and written questions in Parliament to keep fortification on the Government's agenda
- Supported the international call for the World Health Organisation to adopt a global resolution on mandatory fortification with folic acid and other micronutrients. This was passed in May 2023.

At the time of publication of our annual report 2022/23, there has been no further update from the UK government on progress.

What's **NEXT?**

Shine will continue its quest for the mandatory addition of folic acid to flour across the UK.

Folic Acid Supplementation

Supplementation sits firmly alongside mandatory fortification. Shine's Folic for Life campaign, part sponsored by Vitabiotics, promotes the importance of supplements which contain folic acid, in preparing for pregnancy as they are the most assured way of increasing folic acid in the body.

What's **CONTINUED?**

- Advice and information to individuals who came to us for support
- A social media campaign on Instagram to promote our messages as widely as possible
- Shine logo featured on Vitabiotics products which are widely available in major retailers and online

What's **NEXT?**

- Secure resources to increase impact of our Folic for Life work
- Engage with Public Health bodies to secure commitment for a sustainable public health campaign on the importance of folic acid supplementation

Changing experiences of pregnancies affected by neural tube defects

Hundreds of pregnancies are affected by neural tube defects in the UK each year, yet there is very little statutory provision for support in preparing for a new pregnancy if a previous one has been affected by spina bifida or anencephaly. Moreover, our adult members highlight the lack of discussion, professional support and information for disabled people who may want to become parents.

Parents-to-be who have a diagnosis of a pregnancy affected by a neural tube defect also tell us that there is not enough information available to them at the point of diagnosis, and little understanding of the choices that are open to them.

What's **CONTINUED?**

- 1-2-1 support and advice to parents-to-be and those planning a pregnancy
- Support to 810 members, registered via our closed Facebook group, who have lost a baby to anencephaly
- Working closely with NHS commissioning and fetal surgery teams to enhance and promote the option for pre-natal surgery

What's **NEW?**

- Formally launched our pregnancy advice service to provide proactive, confidential and on-going support to those who need us
- Follow-up survey on antenatal experiences, in partnership with University College Hospital London's Fetal Medicine Team

- Improved referral pathways to other organisations
- Parents of under 13s surveyed to capture changes in experience since the introduction of NHS-commissioned fetal surgery service
- The launch of a CPD-accredited antenatal e-learning module for professionals

What's **NEXT?**

- Continue with 1-2-1 advice and support
- Identify and develop new resources
- Improved services for those who have lost a baby to anencephaly
- On-going promotion of the CPD-accredited training
- More professional awareness of the steps that can be taken to reduce pregnancies being affected by NTDs
- Continued work with NHS Commissioning and fetal surgery teams
- Publish results of the updated antenatal survey

I'm a doctor so knew a lot of the medical information already, but the Shine information is really helpful from a parenting perspective. My husband is non-medical and found the Shine information very easy to understand.

Spina bifida is from birth, and there are so many transitional phases in a person's life. To have a charity to support those transitions is key – particularly once they get older and are left to their own devices. Shine are a lifelong focus point that people can come back to."

(Specialist Nurse for Pressure Ulcer Prevention and Intervention Service)

Transforming attitudes and improving access to health and care services through engagement, partnerships, research and campaigning

An important area of our work, our strategic partnerships, connections and campaign plans, that took a back seat during the Covid-19 years, slowly resumed, with new opportunities for collaboration with others being added to our list for further discussion and development. All with the aim of seeing significant step changes in access to, and quality provision of, statutory services for all Shine members.

What's **CONTINUED?**

 Our Shine Health Direct service for members, in partnership with Bullen

- A presence at clinics across England and Northern Ireland
- Shine's Legal Service, with existing partners Irwin Mitchell and Enable Law, and new firm, Davies and Partners
- Presentations to professional conferences to raise awareness and promote our professional membership
- Encouraging our members to join research programmes so that their views and experiences are fully represented
- Proactive support and promotion of campaigns run by other charities

Working with Shine, who have that wider knowledge of the conditions, means that we can help people reach the full extent of their potential.

For example, working with Shine meant we could support a young person to move from total reliance on continence pads to using catheters and bowel washouts.

She's now about to go all day in her normal clothes and underwear and she's thriving - you can see the change in her confidence and independence. Shine knew that this was possible and had the time and understanding to support her to get there.

It's changed her life – now she can think about independent living when she's older." (Community Paediatric Nurse)

What's **NEW?**

 Launch of a free professional membership service, which gives access to expert information, guidance and research

- Research to gain greater insight into the conditions, particularly Hydrocephalus
- Draft research proposal to gather evidence to underpin our work in influencing improvements to statutory services

Development opportunities for professionals – CPD-accredited e-learning modules

Shine launched our suite of e-learning modules, that are accredited for continuous professional development, with an aim of reaching and upskilling more health, care, education, and other professionals to better understand the conditions, and improving support through prevention and changes in practice.

The modules are:

- Spina Bifida
- Hydrocephalus
- Occult Spinal
 Dysraphisms and
 Spina Bifida Occulta
- Neural Tube Defects

 for professionals
 working in antenatal
 settings

Coming this year: Accredited professional training on Normal Pressure Hydrocephalus (NPH)

What's **NEXT?**

- Support Chelsea and Westminster to publish research into cognitive effects of hydrocephalus
- Greater focus on campaigning for improved:
 - Access to statutory health and social care services
 - Continence care
 - Information and sensitive support at point of diagnosis
- A programme of support for people awaiting diagnosis, or having had a diagnosis, of Normal Pressure Hydrocephalus (NPH)
- Further engagement with professionals
- Stronger partnerships and greater influence with national networks

For me, this is where Shine come in.

By working with professionals and parents they offer expert advice in continence, mobility and potential – so professionals have the expert knowledge to perform their statutory duties correctly."

(Occupational Therapist, Cardiff)

Our international work

IF (International Federation of Spina Bifida and Hydrocephalus)

Shine is a member of the International Federation of Spina Bifida and Hydrocephalus (IF) and has contributed to its work on a call for global fortification through membership of its advocacy group and presentations at online conferences.

Spina Bifida Hydrocephalus Scotland and Spina Bifida Hydrocephalus Ireland

We have continued links with our colleagues in Scotland and Ireland, sharing information, and linking to support individuals and families who move across borders.

Festus Fajemilo Foundation (FFF) in Nigeria

Since 2015, Shine has worked closely with FFF to secure funding to deliver a continence management programme for FFF members in different parts of Nigeria, and in 2022/23, the Welsh Government's Wales Africa Hub provided funding to re-establish the project after Covid-19 had disrupted so much.

Over the past 12 months, the project has:

- Supported 155 babies, children and young adults,
 and their families, with continence care
- Re-established clinics and support for families after the pandemic
- Re-established an FFF clinic at their offices in Lagos
- Expanded our project from 3 to 6 hospital facilities
 across Nigeria
- Trained 60 nurses

- Cascaded continence care knowledge to an additional 50 healthcare workers
- Secured supplies of continence care equipment, facilitating access to these for nurses and families
- Secured supplies of oxybutynin, a medicine essential in treatment of the neuropathic bladder
- Introduced data collection processes across all clinics to measure successes and outcomes.

What's **NEXT?**

We were unsuccessful in our bid for further funding from Wales Africa but are maintaining activity on the project with support from the hospital facilities, and the FFF clinic. We are seeking longer-term funding to sustain the project indefinitely.

The Future

We are just at the start of delivering our current Corporate Plan and have some very exciting plans, large research projects and other pieces of work, which should see a 'step change' in the breadth and ways in which we are able to engage and reach more and more people whose lives have been affected by spina bifida and hydrocephalus, and associated conditions. As importantly, we should see improvements in the

access to statutory services that our members currently have, or need, access to.

This will only happen if we have robust, planned and funded approaches to developing and delivering our initiatives in consultation and partnership with our members of all ages to guide and inform us about the work we do, and ensuring we have the staff, trustees and volunteers to help us to do this.

Thank you

Throughout the year, there are thousands of individuals, companies, trusts and foundations contributing vital funding to support our work.

Without them, Shine would not be the charity that we are. The list is far too numerous to mention everyone but we want to say a HUGE thank you to everyone who has given so generously of their time and money to support the work we do.

We wish to take this opportunity to acknowledge just a few...

Income and expenditure 2022/23

Total Income

Total Expenditure

The table below provides a five-year financial summary, showing that we continue to deliver a robust financial position, as we seek to ensure long-term sustainability.

	2022/23	2021/22	2020/21	2019/20	2018/19
	£000	£000	£000	£000	£000
Total income	2,347	1,894	2,343	2,192	2,052
Net movement in funds	338	171	506	113	158

When trustees approved the 2022/23 budget deficit of £157,775, the sale of Park Road, although planned, was not guaranteed. In the 2020/21 annual report, trustees confirmed that a review of continued occupancy of 42 Park Road had been conducted and it was concluded to be in the best interests of the charity to sell 42 Park Road and relocate to a smaller office with some staff working a hybrid model of home working and office days. The move to a smaller leasehold office at Minerva business park was completed during January 2022 and the sale of 42 Park Road was completed on the 1st of April 2022. The sale price exceeded the qualifying valuation, whilst legal, professional and move costs were below original estimates.

The annual running costs of the smaller leasehold office are projected to be lower than 42 Park Road, and trustees are confident that the net sale proceeds can be used to develop and future proof Shine's services in a sustainable way.

Shine therefore reports an actual surplus of £337,980 (2021/22 £171,033 surplus), which consists of a £490,547 unrestricted surplus, a £132,817 designated deficit, and a £19,750 restricted deficit. This includes a £507,724 gain on sale of Park Road,

removing this one-off gain on sale, the underlying result would be a £169,744 deficit.

Total income for 2022/23 was £2,347,350 (2021/22 £1,894,487), with decreases in donations income being offset by the sale of 42 Park road and increases in trading, legacy and charitable trusts. Although donation income was below 2021/22, receipts remained higher than the five previous years. The largest element of our trading activity continues to be our virtual balloon races and during the year 4,929 supporters sponsored a balloon, many entering multiple races.

The National Lottery Community Fund and other charitable trusts continue to fund an important part of Shine's work and a new 5-year grant from the Lottery was secured to fund services in Northern Ireland. This project "Shining Opportunities" commenced in June 2022. A 3-year lottery grant was also secured to fund young people's services in England. This project, "Little Stars: the evolution" commenced in September 2022.

Legacies continue to be a major source of funding and whilst income remained low in comparison to recent years, we are incredibly grateful that people continue to remember us in their wills.

Expenditure

Total expenditure in the year was £1,965,957 (2021/22 £1,894,927). Of this, expenditure on charitable activities increased by £78,771 (6.3%) to £1,251,143, representing 63.7% of total expenditure (62.2% in 2021/22), whilst expenditure on raising funds increased by just £741 to £714,814. Although an increase in staff turnover was experienced, recruitment efforts have been successful and staffing levels in Shine's services increased during the year with 27 full-time equivalent posts compared to 26 in 2021/22. A staff survey was completed in the year and a pay award was made, Shine is confident it remains an attractive organisation to work for and has active recruitment plans which aim to raise service staffing levels in 2023/24

The war in Ukraine had a detrimental impact on the value of our investments, and over the year we report a loss of £42,342 (gain in 2021/22 £8,692).

Under the accounting standard SORP (Statement of Recommended Practice) 2015 the full defined benefit pension deficit must be declared on the balance sheet. There was a 2022/23 actuarial loss of $\mathfrak{L}1,071$ (2021/22 gain of $\mathfrak{L}162,781$). A payment plan to eliminate this deficit remains in place and the charity remains confident that it will meet the required pension contributions from its projected income without significantly impacting on its planned level of charitable activity. Further pension details are shown in note 22 of the accounts.

Financial Reserves Policy

Reserves are maintained at a level that enables the charity to manage financial risk and sustain services. Trustees have set a minimum free reserve target of £850,000, held for the following purposes:

- Statutory obligations.
- Provide a 4-month commitment to our vulnerable members to wind up the affairs of the charity in an orderly fashion, in the advent that the trustees cease to be confident in Shine's ability to continue.
- Offset the risks of an unexpected shortfall in income and an adverse movement in the defined benefit pension scheme liability.
- A working capital facility.

The free reserves position is reported to trustees as part of the monthly management accounts and quarterly forecasting. To set our free reserves target, trustees have sought to balance the needs of Shine's members against financial risks. COVID19 and the war in Ukraine has demonstrated that our world is less certain than previously thought and our reserves target reflects this need for caution.

At the year-end Shine held free reserves of £1,215,980, being general unrestricted funds excluding designated funds. This represents 6.4 months of committed expenditure cover, which is above the reserves target and has been boosted by the one-off sum realised from the sale of Park Road.

To bring our reserves in line with our target the charity plans to utilise its reserves in a managed fashion investing in members' futures and has recently appointed new positions of Deputy Health Manager, a National Programmes and Member Engagement Manager, an Education Officer and a Youth Officer. In total these changes will raise the service staff establishment to 31.5 FTE and compare to a pre COVID position of 27.1 FTE.

Restricted reserves must be applied to the specific purpose(s) intended by the donor so do not form part of the free reserves. Funds totalled £157,015 at the year end and are planned to be expended in 2023/24.

Designated funds have been established by trustees and are excluded from free reserves. They are as follows:

- A fund for 2 additional Support and Development
 Workers in the Southwest and East Anglia areas

 who will enhance the support we can provide
 to our members in more rural, isolated areas.

 This first position has been made possible by the
 generosity of the late Florence Bartle who kindly
 chose to remember Shine in her will.
- A fund to support our work in Gloucestershire based on a legacy we have received.
- A fund for a Deputy Health Manager.
- A fund for an Education Officer who will offer training and support to our members to access support.

- A fund to support our specialist physiotherapy work.
- A fund to support research and development.
- A fund to support our digital development.
- A fund to support services in Northern Ireland.
 This has been made possible by the generosity of supporters in this home nation, and in particular CitiBank Belfast.
- A fund to represent Shine's investment in fixed assets.

Investment Policy

Under the governing document, the charity can make any investment the trustees see fit. R. C. Brown Investment Management plc are Shine's investment managers with the remit to manage the investments in line with the policy outlined below.

Investments are held as part of the long-term reserves of Shine. The aim is that they should maintain their value and generate income for Shine.

The portfolio must only be invested in assets with a low risk profile. This will include utilisation of pooled funds, which provide diversification of assets, and ensures that the risk of losing a single holding is minimised.

- Investments may be held in a range of asset classes, including equities, corporate bonds, and gilts.
- There will be no direct investment in 'alternative' investments such as hedge funds or derivatives.
- There will be no direct investment in overseas equities. Any such investment must be made through pooled funds managed in the UK.

The trustees have agreed that the funds should initially be invested in a broad, balanced portfolio.

The intention is to work towards ethical investments, with the advice of the investment managers, while being mindful of the charity's obligations for responsible investment.

During the year R. C. Brown Investment Management plc continued to manage the Shine portfolio, regrettably funds performed below their benchmark, recording an 8.92% loss during 2022/23 versus the

benchmark loss of 6.04 (ARC steady growth index).

Investments are held to support the reserves policy. During 2022/23 the charity invested £450,000 of the sale proceeds of 42 Park Road into the investment portfolio, RC Brown actively managing the timing of placements.

Risk Management and Internal Control

The Board of Trustees are responsible for the identification and management of the major risks facing the charity.

A Risk Register is maintained and shared annually with trustees (more frequently if a significant issue arises). Risk management at operational level is managed by the senior leadership team; major risks have been reviewed and systems established to manage these risks.

During 2022/23, the risk from COVID-19 diminished in how the charity supported its members and the risks to income levels. Therefore, the risk register currently covers five strategic areas.

- 1. Governance & strategy
- 2. Income generation
- 3. Services
- 4. Finance
- 5. External influences, including inflation and the war in Ukraine

During the year there remains 1 red retained risk, which is members' access to statutory services, and Shine continues to support our members and families with information and guidance on their rights, and avenues to access the services they need.

Shine continues to make structural and strategic changes to the organisation to mitigate these and other risks.

Going Concern and Statement of Public Benefit

Going Concern

The activities of the charity, its objectives, factors likely to affect its future development and the policies for managing its capital and financial risk are detailed in the Trustees' Report. We have set out a review of Shine's financial performance, the reserves position and principal risks and uncertainties in this report.

The budget for 2023/24 was prepared by senior leadership and approved by the trustees in March 2023. The expectation is that trading and donation income levels can be increased as we continue to invest in fundraising resources. Expenditure levels will be allowed to increase in line with the expansion in service provision, therefore a total deficit of $\mathfrak{L}190,645$ is budgeted which includes a restricted deficit of $\mathfrak{L}58,274$ as funds received in prior periods are expended and a deficit of $\mathfrak{L}132,371$ across unrestricted and designated funds.

We can do this because our reserves exceed the minimum level.

The budget and its assumptions are reviewed against two key financial measures:

- In-year cash flow
- Free reserve cover

Management accounts are prepared by senior leadership and issued monthly to trustees; the current financial position and financial outlook are reviewed at quarterly trustee meetings. Given the level of reserves and outlook, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future being at least twelve months from date of approval of these financial statements. Accordingly, they continue to adopt the going concern basis of accounting in preparing financial statements.

Statement of Public Benefit

The trustees confirm that they have complied with the duty in section 17 of the Charities Act 2011 to have regard to the Charity Commission's general guidance on public benefit, 'Charities and Public Benefit'.

Shine's charitable objects are enshrined within its

memorandum and articles and as such trustees ensure that the charity's activities are carried out for public benefit through its strategic goals. This report allows us to show how charitable funds are spent and the impact and benefits this has on the lives of people affected by spina bifida and/or hydrocephalus, and associated conditions.

Reference and Administration Details

Royal Patron

HRH The Duchess of Gloucester GVCO

Trustees

The trustees of Spina bifida, Hydrocephalus, Information, Networking, Equality – SHINE are the charity's trustees under charity law and directors of the charitable company and throughout the report are collectively referred to as the trustees.

The trustees serving during the year were as follows:

Gregory Smith

(Former Chair – resigned 7th March 2023)

Rebecca Bates (Hon. Treasurer)

Patricia Adley (Passed away 14 May 2022)

Professor Roger Bayston

Michael Brown (Vice Chair)

Andrew Smart (Resigned 30th May 2023)

Joanne Williams (Chair)

Lynn Aziza Dar

(Resigned due to ill health 5th February 2023)

Surekha Kukadia

Jenny Goy (Appointed 26th September 2022)

Joe Waggott (Appointed 26th September 2022)

Richard Oakley (Appointed 7th June 2023)

It is confirmed that none of the serving trustees had any beneficial interest in any contract with Shine in the year.

Remembering Patricia Adley.

Patricia Adley passed away on the 14 May 2022, at just 65 years of age. Since being appointed a trustee in 2015, Patricia brought a wealth of lived-in experience to the board, having been born with Spina Bifida.

Patricia was a retired solicitor, and therefore also brought a wealth of legal & professional skills, and jointly led safeguarding issues. She was immensely proud of Shine's work, and she is sincerely missed by us all.

Administrative Details

The full name of the charity is Spina bifida, Hydrocephalus, Information, Networking, Equality – SHINE. We are commonly known as SHINE.

The registered charity number is 249338 (England and Wales)

The company registration is 00877990

Registered Office: SHINE, Unit 4, Minerva Business Park, Peterborough, PE2 6FT

Telephone 01733 555988 • Email firstcontact@shinecharity.org.uk • www.shinecharity.org.uk

Our Commitment to Quality Fundraising

Shine is registered with the Fundraising Regulator and proud to commit to the Regulator's Fundraising Promise.

We are committed to maintaining high standards of fundraising in line with the Code of Fundraising Practice:

- We will be clear, honest, and open.
- We will be respectful.
- We will be fair and reasonable.
- We will be accountable and responsible.

Our approach to fundraising consists of:

- marketing appeals to individuals who have already expressed an interest in Shine.
- running charitable events for which participants raise money.
- encouraging people to participate in other events to raise funds on our behalf.
- community fundraising; and
- soliciting donations from corporate partners, charitable trusts, and individual donors.

We also encourage people to remember us in their will with a gift or legacy.

We do not use third-party professional fundraising agencies.

Where people or organisations raise funds in aid of Shine, we request they follow our standards. Shine's fundraising team provides tools and resources to enable supporters to deliver fun, safe, and successful fundraising activities. The trustees are of the view that during the year to 31 March 2023 we have been compliant with these standards, and we are not aware of any instances where those acting in aid of the charity have failed to comply.

To protect vulnerable people and other members of the public, Shine has a safeguarding policy, and our fundraising commitment is displayed on our website. We are careful to protect the private data of supporters and give clear options to stop being contacted by us. As part of our compliance with the code of fundraising practice, we ensure our approach to fundraising is not unreasonably intrusive or persistent and does not aim to solicit donations by pressuring potential supporters.

We take these steps to make sure people have a choice about whether to fundraise for Shine.

Shine and our members are incredibly grateful for the continued dedication and support of our fundraisers. From everyone at Shine, thank you for your ongoing generosity.

Structure, Governance and Management

Structure

Spina bifida, Hydrocephalus, Information, Networking, Equality – SHINE (Shine) is a company limited by guarantee registered in England and Wales (Registration No. 00877990) formed in 1966. Shine is registered as a charity with the Charity Commission for England and Wales (Registration No. 249338).

The charity owns the entire share capital of Shine (Trading) Limited, registered in England and Wales (No. 01031004). The consolidated accounts include Shine (Trading) Limited (see note 9). The principal activity of the company is to raise funds for the charity.

Governance

Shine is governed by Articles of Association, which

were amended in 2018.

Organisational purpose

Shine has a clear, sustainable corporate strategy for 2022 to 2027 consistent with the charity's purpose and an evaluation and monitoring framework to monitor impact and measure outputs.

Shine consults with a wide range of stakeholder groups to determine the priorities for the charity.

Leadership

The ultimate responsibility for the governance of the charity and its subsidiary is entrusted to the trustee board.

Board Integrity

Appointment of trustees

New Articles of Association were adopted by special resolution in 2018 specifying that anyone willing to act as a trustee, and permitted by law to do so, may be appointed by the board of trustees.

A trustee must be a natural person aged 16 years or older, the minimum number of trustees is 3 and the maximum is 16. Trustees are appointed for a term of 3 years; trustees are eligible for reappointment up to two subsequent terms (each of 3 years). No trustee can serve for more than 9 consecutive years unless the trustees consider it is in the best interests of the charity that a particular trustee should continue to serve. Professor Roger Bayston continues to serve as a trustee on this basis.

Trustee induction and training

In 2022 we appointed two new trustees, Jenny Goy and Joe Waggott who bring professional, commercial and lived experience. A third new trustee Richard Oakley was appointed in June 2023. New trustees

undergo induction. They are fully appraised of the full range of Shine's services, projects and campaigns and provided with relevant background literature. They receive awareness training, if required, on spina bifida and hydrocephalus. Depending on their specific skills and areas of expertise they will be put in touch with relevant staff.

Trustees are briefed on their legal obligations under charity and company law, the Articles of Association and the Board's decision-making process. They are also informed about Shine's Corporate Plan, key risks, recent financial performance, and prospects for the charity.

Trustees do not receive any renumeration or financial benefit for acting as trustees of shine, any expenses paid are disclosed in note 12 of the financial statements.

Decision making, risk and control.

The Board of Trustees is the governing body with overall legal responsibility for the charity. The Board sets the strategic direction for Shine. It meets at least four times a year, either in person or virtually.

The minutes of meetings are made available to all trustees on a timely basis. The board regularly reviews operational plans, budgets, performance, and Shine's main risks. The day-to-day management of the charity is delegated to the Chief Executive, who reports to the Board. The Chief Executive is assisted in the day-to-day management by the senior leadership team.

Senior Staff Remuneration Policy

The remuneration of senior staff is set by benchmarking with similar-sized charities, and the market rate required to attract the best people to the job.

Diversity and Inclusion

Shine has a transparent recruitment process, advertising widely and looking at how we can attract a diverse pool of candidates.

Safeguarding

A full review of our safeguarding policies and processes began in 2020/21 and will be reviewed in 2023/24 ensuring that we are continually improving our approaches to safeguarding, incorporating all updated legislation, and embracing current best practice to protect the welfare of our members, staff and volunteers.

An annual safeguarding plan is agreed by trustees. The plan is prepared by the Director of Services, who is Designated Safeguarding Lead for the charity, in conjunction with Joanne Williams and Jenny Goy, who are trustee leads for safeguarding.

Safeguarding training is provided for all staff, trustees, and volunteers. Incidents are reported, assessed, and enacted as appropriate with full consideration given to the requirement to report to the Charity Commission.

GDPR

Extensive work was undertaken to ensure Shine's ongoing compliance with the General Data Protection Regulation (GDPR). We have a designated GDPR lead, and the data management action plan is reviewed by trustees annually.

Section 172 Statement

The trustees must act in accordance with a set of general duties. These duties are laid out in s172 of the UK Companies Act 2006 which is summarised as follows: A Director of a Company must act in the that they consider, in good faith, would be most likely to

promote the benefit of its members, and in doing so have regard to:

- The consequences of any decision in the long term
- The interests of the charity's employees
- The need to foster the charity's business relationship with suppliers, customers, and others
- The impact of the charity's operations on the community and environment
- The desirability of the charity's maintaining a reputation for high standards of business
- The need to act fairly between members of the charity.

The trustees believed they have completed their duties under s172.

Related Parties

The charity has partnerships with several local associations. These are independent charities for spina bifida and hydrocephalus. Partnerships are negotiated individually, which may cover a range of activities and services. The charity also works in partnership with many other bodies, voluntary, statutory, and international, in carrying out work to support service users, undertake research and disseminate information.

Volunteers

In 2022/23, Shine had 69 registered volunteers (53 2021/22) and recorded 2,134 volunteered hours (1,860 2021/22), to whom we remain eternally grateful. The volunteering roles included:

- Working in our charity shop
- Giving talks and representing Shine
- Acting as peer support
- Supporting our members to grow in confidence and address the challenges of living with the conditions.
- Advising on the development of resources
- Fulfilling the role of Shine ambassador
- Fundraising
- Supporting our local groups

During the year, two volunteer catch-up meetings were held online to keep our volunteers engaged, and the half-yearly volunteers' newsletter continues to provide updates and opportunities for them to get involved.

Statement of trustees' responsibilities

The trustees (who are also directors of Spina bifida, Hydrocephalus, Information, Networking, Equality – SHINE), are responsible for preparing the annual report and the financial statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice.

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the situation of the charitable group and of the net income or expenditure of the group for the year. In preparing these financial statements the directors are required to:

- select suitable accounting policies and then apply them consistently.
- observe the methods and principles in the Charities SORP
- make judgements and estimates that are reasonable and prudent.
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and the group and enable them to ensure that the financial statements comply with the Companies Act 2006.

They are also responsible for safeguarding the assets of the charity and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement as to disclosure of information to auditors

As far as the trustees are aware, there is no relevant audit information of which the group's auditors are unaware. Additionally, the trustees have taken all the necessary steps that they ought to have taken as trustees to make themselves aware of all relevant audit information and to establish that the group's auditors are aware of that information.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website.

Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Appointment of Auditors

The continued appointment of Azets Audit Services Limited was confirmed by the Board of Trustees on the 6th December 2022.

This report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006.

By order of the Board of Trustees

Joanne Williams

Joanne Williams

SPINA BIFIDA, HYDROCEPHALUS, INFORMATION, NETWORKING, EQUALITY - SHINE

INDEPENDENT AUDITOR'S REPORT

TO THE TRUSTEES OF SPINA BIFIDA, HYDROCEPHALUS, INFORMATION, NETWORKING, EQUALITY - SHINE

Opinion

We have audited the financial statements of Spina Bifida, Hydrocephalus, Information, Networking, Equality - SHINE (the 'charity') and it's subsidiary for the year ended 31 March 2023 which comprise the Group Statement of Financial Activities, the Group and Parent Charitable Company Balance Sheets, the Group and Parent Charitable Company Cash Flow Statements and the notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Group and Parent Charitable Company affairs as at 31 March 2023 and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Group and Parent Charitable Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The Trustees are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE TRUSTEES OF SPINA BIFIDA, HYDROCEPHALUS, INFORMATION, NETWORKING, EQUALITY - SHINE

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the Trustees' report for the financial year for which the financial statements are prepared, which includes the directors' report prepared for the purposes of company law, is consistent with the financial statements; and
- the directors' report included within the Trustees' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Group and Parent Charitable Company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report included within the Trustees' report.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Trustees' report. We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the Trustees were not entitled to prepare the financial statements in accordance with the small companies
 regime and take advantage of the small companies' exemptions in preparing the Trustees' report and from the
 requirement to prepare a strategic report.

Responsibilities of Trustees

As explained more fully in the statement of Trustees' responsibilities, the Trustees, who are also the directors of the charity for the purpose of company law, are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Group and Parent Charitable Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE TRUSTEES OF SPINA BIFIDA, HYDROCEPHALUS, INFORMATION, NETWORKING, EQUALITY - SHINE

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above and on the Financial Reporting Council's website, to detect material misstatements in respect of irregularities, including fraud.

We obtain and update our understanding of the entity, its activities, its control environment, and likely future developments, including in relation to the legal and regulatory framework applicable and how the entity is complying with that framework. Based on this understanding, we identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. This includes consideration of the risk of acts by the entity that were contrary to applicable laws and regulations, including fraud.

In response to the risk of irregularities and non-compliance with laws and regulations, including fraud, we designed procedures which included:

- Enquiry of management and those charged with governance around actual and potential litigation and claims as well as actual, suspected and alleged fraud;
- · Reviewing minutes of meetings of those charged with governance;
- Assessing the extent of compliance with the laws and regulations considered to have a direct material
 effect on the financial statements or the operations of the entity through enquiry and inspection;
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations;
- Performing audit work over the risk of management bias and override of controls, including testing of
 journal entries and other adjustments for appropriateness, evaluating the business rationale of significant
 transactions outside the normal course of business and reviewing accounting estimates for indicators of
 potential bias.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

This report is made solely to the company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Mr Mark Jackson FCA DChA (Senior Statutory Auditor) for and on behalf of Azets Audit Services

Chartered Accountants Statutory Auditor

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

1 Accounting policies

Company information

Spina Bifida, Hydrocephalus, Information, Networking, Equality - SHINE is a private company limited by guarantee incorporated in England and Wales. The registered office is Unit 4, The Forum, Minerva Business Park, Peterborough, Cambridgeshire, PE2 6FT, United Kingdom.

1.1 Accounting convention

The financial statements have been prepared in accordance with the charity's governing document, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2019). The charity is a Public Benefit Entity as defined by FRS 102.

The financial statements have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a true and fair view. This departure has involved following the Statement of Recommended Practice for charities applying FRS 102 rather than the version of the Statement of Recommended Practice which is referred to in the Regulations but which has since been withdrawn.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

The consolidated accounts incorporate the results of the charity and of its wholly owned subsidiary.

1.2 Going concern

At the time of approving the financial statements, the Trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the Trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the Trustees in furtherance of their charitable objectives unless the funds have been designated for other purposes.

Designated funds comprise funds which have been set aside at the discretion of the Trustees for specific purposes. The purposes and uses of the designated funds are set out in the notes to the financial statements.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

Endowment funds are subject to specific conditions by donors that the capital must be maintained by the charity.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2023

1 Accounting policies

(Continued)

1.4 Incoming resources

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

Gifts donated for resale are included as income when they are sold. No amounts are included in the financial statements for services donated by volunteers.

Grant income is recognised according to the terms of each individual agreement.

All other income is dealt with on an accruals basis.

1.5 Resources expended

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement, and the amount of the obligation can be measured reliably.

Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges are allocated on the portion of the asset's use.

Direct expenditure is analysed and charged to the department incurring the cost. Expenditure is included when incurred, the majority of costs being directly attributable to specific activities. Costs that can not be directly attributable to particular headings, are allocated to activities on a basis consistent with use of the resources. Premises and other overheads have been allocated on a head count basis.

Fundraising costs are those incurred in seeking voluntary contributions and do not include the costs of disseminating information in support of chartable activities.

Governance costs are those incurred in connection with the governance arrangements of the charity and compliance with constitutional and statutory requirements.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2023

1 Accounting policies

(Continued)

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses. Assets over £1,000 in value are capitalised at cost.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the straight line basis at the following rates:

Land and buildings Buildings - 2%, land is not depreciated

Fixtures and fittings 20%
Equipment 20%
Software and website 20 - 33%

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the statement of financial activities.

1.7 Impairment of fixed assets

At each reporting end date, the charity reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits repayable on demand and overdrafts. Deposits are repayable on demand if they are in practice available within 24 hours without a penalty. Liquid resources comprise assets held as a readily disposable store of value.

1.9 Financial instruments

Financial instruments are recognised when the charity becomes party to the contractual provisions of the instrument.

Financial assets are offset, with the net amounts presented in the accounts when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2023

1 Accounting policies

(Continued)

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

1.10 Provisions

Provisions are recognised when the charity has a legal or constructive present obligation as a result of a past event, it is probable that the charity will be required to settle that obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting end date, taking into account the risks and uncertainties surrounding the obligation. Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognised at present value. When a provision is measured at present value, the unwinding of the discount is recognised as a finance cost in net income/(expenditure) in the period in which it arises.

1.11 Employee benefits

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee.

1.12 Retirement benefits

For employees choosing to participate, the charity operates a defined contribution pension scheme providing benefits additional to those from the State. The assets are held in a separately administered scheme. The pensions cost charge represents contributions payable by the company to the pension scheme in respect of the year.

Previously, the charity were part of a separately administered defined benefit scheme and is still required to make contributions to fund a deficit in the scheme.

The cost of providing benefits under defined benefit plans is determined separately for each plan using the projected unit credit method, and is based on actuarial advice.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2023

1 Accounting policies

(Continued)

The net interest element is determined by multiplying the net defined benefit liability by the discount rate, taking into account any changes in the net defined benefit liability during the period as a result of contribution and benefit payments. The net interest is recognised in income/(expenditure) for the year.

Remeasurement changes comprise actuarial gains and losses, the effect of the asset ceiling and the return on the net defined benefit liability excluding amounts included in net interest. These are recognised immediately in other recognised gains and losses in the period in which they occur and are not reclassified to income/(expenditure) in subsequent periods.

The net defined benefit pension asset or liability in the balance sheet comprises the total for each plan of the present value of the defined benefit obligation (using a discount rate based on high quality corporate bonds), less the fair value of plan assets out of which the obligations are to be settled directly. Fair value is based on market price information, and in the case of quoted securities is the published bid price. The value of a net pension benefit asset is limited to the amount that may be recovered either through reduced contributions or agreed refunds from the scheme.

1.13 Leases

Rentals payable under operating leases, including any lease incentives received, are charged as an expense on a straight line basis over the term of the relevant lease.

2 Critical accounting estimates and judgements

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2023

22 Retirement benefit schemes

The Pensions Trust - The Growth Plan

SHINE participates in The Pension Trust's Growth Plan (The Plan), a multi-employer scheme which provides benefits to some 638 non-associated participating employers. The scheme is a defined benefit scheme in the UK.

It is not possible for the charity to obtain sufficient information to enable it to account for the scheme as a defined benefit scheme. Therefore it accounts for the scheme as a defined contribution scheme.

The scheme is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pension schemes in the UK.

The scheme is classified as a 'last-man standing arrangement'. Therefore the charity is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the scheme. Participating employers are legally required to meet their share of the scheme deficit on an annuity purchase basis on withdrawal from the scheme.

A full actuarial valuation for the scheme was carried out at 30 September 2020. This actuarial valuation showed assets of £800.3m, liabilities of £831.9m and a deficit of £31.6m. To eliminate this funding shortfall, the trustees and the participating employers have agreed that additional contributions will be paid to the scheme as follows:

Deficit contributions

From 1 April 2022 to 31 January 2025:

£3,312,000 per annum (payable monthly)

Note that the scheme's previous valuation was carried out with an effective date of 30 September 2017. This valuation showed assets of £794.9m, liabilities of £926.4m and a deficit of £131.5m. To eliminate this funding shortfall, the Trustee asked the participating employers to pay additional contributions to the scheme as follows:

Deficit contributions

From 1 April 2019 to 30 September 2025:

£11,243,000 per annum

(payable monthly and increasing by 3% each on 1st April)

The recovery plan contributions are allocated to each participating employer in line with their estimated share of the Series 1 and Series 2 scheme liabilities.

Where the scheme is in deficit and where the charity has agreed to a deficit funding arrangement the company recognises a liability for this obligation. The amount recognised is the net present value of the deficit reduction contributions payable under the agreement that relates to the deficit. The present value is calculated using the discount rate detailed in these disclosures. The unwinding of the discount rate is recognised as a finance cost.

22 Retirement benefit schemes

(Continued)

Assumptions

Assumptions	31 March	31 March	31 March
	2023	2022	2021
	% per annum	% per annum	% per annum
Rate of discount	5.52	2.35	0.66

The discount rates shown above are the equivalent single discount rates which, when used to discount the future recovery plan contributions due, would give the same results as using a full AA corporate bond yield curve to discount the same recovery plan contributions.

The following schedule details the deficit contributions agreed between the company and the scheme at each year end period:

Deficit contributions schedule

Year ending	31 March 2023	31 March 2022	31 March 2021
Year 1	20,657	20,657	74,358
Year 2	17,214	20,657	76,589
Year 3	-	17,214	78,887
Year 4	-	-	67,711

The charity must recognise a liability measured as the present value of the contributions payable that arise from the deficit recovery agreement and the resulting expense in the income and expenditure account i.e. the unwinding of the discount rate as a finance cost in the period in which it arises.

It is these contributions that have been used to derive the charity's balance sheet liability.

The Plan is closed to new entrants and there were no active members of the scheme during the year.

The Scheme has identified a potential issue in respect of the calculation of benefits paid and has instigated a review. The outcome of the review is unknown and the potential financial impact of the review if an issue is identified is unknown. A potential liability may arise, but no provision is included in these accounts as the amount cannot be quantified.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2023

23 Restricted funds

The income funds of the charity include restricted funds comprising the following unexpended balances of donations and grants held on trust for specific purposes:

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2023

26 Operating lease commitments

Group and Charity

At the reporting end date the charity had outstanding commitments for future minimum lease payments under non-cancellable operating leases, which fall due as follows:

	2023	2022
	£	£
Within one year	48,420	24,215
Between two and five years	124,258	164,901
	172,678	189,116

27 Related party transactions

Remuneration of key management personnel

The remuneration of key management personnel, who on a full time equivalent basis are the 2.5 (2022 - 2.8) members of the senior management team, is as follows.

	2023 £	2022 £
Aggregate compensation including pension contributions	168,298	206,828

Transactions with related parties

Owing to the nature of the charity's operations, some of the Trustees may themselves, or may have family members that access services from the charity. Consequently there will be transactions between those Trustees or their family members. These are on the same basis as other service users of the charity.

28 Control

No one individual has overall control of the charity.
